

1 SKILLS

- **Programming** - Golang, TypeScript, React.js, Next.js, Docker, Traefik, Node.js, JavaScript, Tailwind CSS, Git, APIs, SQL, MySQL, Jest, LangChain, C
- **Language Skills** - Portuguese(C2), English (C2), Swedish (B2), German (B1)

2 WORK EXPERIENCE

Full Stack Engineer

Link37

2024.02 - Now

- **Developed RAG AI Chatbot:** Designed and implemented a multi-client AI Chatbot using a Retrieval Augmented Generation (RAG) system to enhance buyer experience for a major e-commerce store. (*Tech stack: TypeScript, Pinecone, Redis*)
- **VPS Migration and Infrastructure Overhaul:** Led the migration of all company projects from physical servers to a containerized VPS environment, improving scalability and security. (*Tech stack: Docker, Linux, Traefik, Cloudflare*)
- **Technology Leadership:** Played a key role in strategic decisions related to tech stack, architecture, and software design, leading to long-term improvements in development efficiency and the enhancement of client products. (*Tech stack: Various*)
- **Middleware Development:** Built middleware to automate API integration, enabling seamless content updates, creation, deletion, and modification across client web pages and apps. (*Tech stack: Golang*)
- **APIs and HubSpot Automations:** Developed automations with HubSpot and client APIs, streamlining workflows, improving lead tracking, and boosting operational efficiency by reducing manual efforts. (*Tech stack: Golang, TypeScript*)
- **Collaboration with Designers:** Worked with designers to create responsive, engaging user interfaces, improving overall user experience.

Frontend Developer

Freelancer

2023.08 - 2024.02

- **Developed Webpages:** Designed and developed multiple webpages using React.js, Next.js, and TypeScript.
- **Connected Frontends to APIs and CMS:** Integrated webpages with CMS platforms and APIs to manage and update the frontend content effectively.

3 PROJECTS

Personal Portfolio | Next.js & Tailwind CSS & Framer Motion

- Designed and developed a portfolio showcasing completed projects. The portfolio highlights my proficiency in incorporating dynamic and interactive animations into static websites, utilizing the Framer Motion library.
- Click for Live Demo: [Portfolio Website](#)

4 EDUCATION

Bachelor's Degree in Electronics Engineering

Instituto Superior Técnico

2017.09-2020.07

- Relevant Courses: Introduction to Computer Networks, Algorithms and Data Structures, Fundamentals of Automatic Control, Computational Systems Programming

Master's Degree in Computer Science and Engineering

Instituto Superior Técnico

2020.09-2023.06

- Dissertation: Benefits and Challenges in DevOps Adoption
- Relevant Courses: User-Centered Design and Evaluation, Deep Learning, Planning, Learning and Intelligent Decision Making, Data Analysis and Integration, Natural Language
